1 MANFRED F. DeREWAL, JR.

2 Q Looking at this invoice, could you tell us where  
3 this waste might have been disposed of?

4 A I would imagine if anyplace, I mean, it would  
5 have went to Philadelphia.

6 Q What makes you think it would have gone to  
7 Philadelphia?

8 A Because whenever I pulled out of Ashland, all of  
9 these other chemical companies, that's where we were  
10 pulling to, the two locations in Philadelphia.

11 Q Do you recall ever seeing any drummed wastes at  
12 the Philadelphia facility?

13 A Yes.

14 Q Were you aware of that drummed waste ever  
15 belonging to Ashland?

16 A No, but I think they belonged to Advanced  
17 Environmental Technology. Where they got it I have no  
18 idea.

19 Q Do you recall ever seeing any Ashland drummed  
20 wastes at the Boarhead property?

21 A No.

22 BY MS. MARTIN-BANKS:

23 Q Did you ever hear of a spill at the Boarhead  
24 property involving Ashland?

25 A No. Cebi-Geigy.
